

Feast is becoming a real cool expression of our diversity. For a very special nine hours, all of the tribes that make up our queer community are welcomed into a sex positive, artistic and performance oriented night of celebration.

Feast 3 is entitled *Oasis: Entrée to Eden* and I see it as just that, a Queer Oasis leading to Eden, whatever that means for each of us. It is also a tribute to the art of Lip-Synch with Heklina at the helm of the Midnight Show.

Men, boys, girls, women, dykes, fags, divas, queens, bottoms, tops, faggots, str8-acting, hets, homos, drag kings, faux-queens, twinksyou add to the list..... all get the chance to be entertained and experience each other.

There is no other place in the world where such a coming together could happen. Thanks to you, your risk taking and the efforts of whole bunch of us, FEAST 3, happens on June 4th, 1999.

Graphix Arts Video will be filming a bondage movie with some of the hottest pros entitled Public Sex at Feast, in the weight room off of the Electrified Forest Queer Safe Space on the Second Floor. You can watch, participate in the crowd scene or even be chosen to be an extra. Bring two forms of ID if you want to be a part of this historic video event.

The performers have been rehearsing. The food will be ready. The fun begins at nine. All that is needed is for you to be there.

I hope you can make it. See you there,

Terrance Alan
