Dear Louis:

Thank you for your letter addressed to Dr. Laub in which you inquire about a surgical technique involving the clitoris and testicular implants. This procedure is available and the surgery fee is \$2,000, plus \$250 for implants and additional fees for anesthesia and operating room facilities.

In order for you to undergo this procedure, you would have to see our psychiatrist Dr. Fisk, and undergo evaluation with our Program.

As I recall, you previously submitted an application to our Program and we responded that we could not be of assistance to you at that time. However, we are willing to see you for evaluation if you desire.

To clarify a question that you may have, Dr. Laub performs surgery associated with gender dysphoria within the perimeters of Gender Dysphoria Program, Inc., and not solely as a private practitioner.

If you have further questions, please call or write.

Sincerely,

Judy Van Maasdam, Coordinator
Gender Dysphoria Program, Inc.
