

Dear Mario -

I am writing for any ^{information} help or assistance your organization might lend.

I am a 28-yr-old female who has been seriously crossdressing as a young man for 6 years. From 1973-76 I dressed full time in men's clothes, though ~~who knows how often I actually dressed~~. I did rent and work under my female name. In '76 I began seeing a counselor, ~~and~~ decided to "back up" from my transsexual fantasies and ~~once again~~ resumed wearing women's clothes part time. Since then I have worn men's clothes about 50% of the time ~~but~~ ^{but} once again I am strongly considering ~~going~~ ^{dressing} full time as a male. My real wish is to live and work as a man.

I am quite serious in what I'm doing. From 1973-75 I was Secretary of the Gay Peoples Union in Milwaukee & was accepted as a heterosexual female TV. ~~Since 1978 I have been a member of Golden Gate Gays & Gyps in S.F. and at this time~~ ^{I am now} Treasurer ^{of the TV/TS group here (GGG/G)} ~~of the organization~~ + editor of their newsletter.

I dream of taking hormones, I fantasize I am male constantly. Obviously my feelings aren't going to go away. I don't believe I am a man, but I am certain I want to be one. I don't know if I am a deluded transvestite or an overly-cautious transsexual.

I'd appreciate any guidance you can offer.
