

EVELYN SHADE
(ANTON KISIEL)

During the Fair I will be introduced to you as Evelyn Shade. I am a professional, licensed make-up artist and hairdresser. I also write a cosmetic consumer article for G Lifestyles Magazine in Boston. I work with professional models, photographers and modeling agencies throughout Boston. I am thoroughly skilled in all areas of make-up artistry. I use advanced techniques and high quality products. Most importantly, creating the "femme" illusion is one of my specialties. This form of make-up is one of the most complex, but it is one I know thoroughly. You can believe in me and the quality of my work.
