

Thy for yr ltr of Feb 3 re: requirements
~~for being accepted~~ by your clinic for
F → M ^{TS} surgery. I am currently ~~in the~~
~~process of~~ collecting the documents
required by you.

Please inform me as to whether
your surgeons perform the F → M surgery
known ^{variously} as "freeing the clitoris", "clitoral
stripping," or "genitoplasty," in which the
clitoris is used as the small phallus,
with testicular implants. It is this
method ~~of surgery~~ which appeals to me
~~the~~ most, although I am not well-
versed on other methods available.

As ~~my~~ psychologist requires an
answer to the above question prior to
writing a letter of recommendation,
I enclose a SASE in hopes
of a prompt reply from you.

Thy
2.
