**OF MEDICAL INTEREST**

Two doctors in the area have an interest in the CD, TV, TG, and TS community. A GP in Huntington and a Psychologist in Charleston. TWV will be contacting these doctors in an effort to gather more information on what services they are able to provide. Please stay tuned. This could be a very significant development for many of us.

**ELECTION RESULTS**

**The membership of TWV has returned Beverly Williams to serve another year in the office of President. Tabetha Tambor was also re-elected as Secretary/Treasurer. The election results were unanimous for both nominees. TWV has grown over the past year and our officers expressed their hopes that the coming year will bring even more progress. Good Luck Ladies.**

**NEW SHOW BAR**

A new show bar named the "Bee Hive" has opened in Huntington. It is located on the second floor, above the "Driftwood." The cover charge is \$3.00.

**TWV BYLAWS AMENDED**

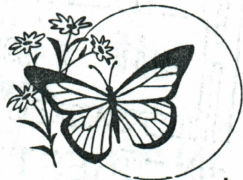

After lengthy discussion and intense debate, the membership took action on an amendment to the Bylaws of TWV. The amendment concerned the requirements a person must meet in order to qualify for the office of President. The amendment states that a person must be a full member of TWV for, at least, one year and attend 75% of the scheduled meetings. The vote on the amendment was unanimous.

Present for the December meeting were: Alice, Tabetha, Kay, Jenny, Mary, Renee, Debbie, and Beverly. Our next meeting will be on January 17, 1991. See you then.

# THE OTHER SIDE...

As you may have already noticed, Mountain Lace is sporting a new look. As I become more skilled with the new software, you should see a steady improvement in the visual quality of our publication. If you have any suggestions or thoughts to share about the newsletter, please let me know. THE EDITOR.

## LETTERS

Dear Editor,

Who is a crossdresser or what is a crossdresser? Crossdressing to me is a man or woman who likes to dress in the opposite sexes clothes. Why is it so important for male crossdressers to PASS? Does that mean they have TS tendencies?

I am a crossdressers spouse. When I was first introduced into crossdressing (by my husband) I thought (and still do) it was just that, crossdressing. Dressing in women's clothes I was told, felt good, was relaxing and I found it to be enjoyable for both of us. I do

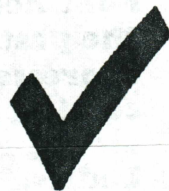

enjoy the feminine side of my spouse. What I don't understand is the NEED to PASS. If you like being a male and enjoy crossdressing then WHY is there a need to do more and more to make the femine side PASS? Maybe you or some of your CD friends can help me?

"Wondering In WV"

Dear Wondering,

For many CDs there is no compelling need to PASS. For some of us, however, to complete our feminine persona and to truly feel feminine, we need to be able to pass. Anything less is half a measure of the ture experience.
