

Dear Lou,

January 30/80

Hope you had a good Christmas and here's wishing you a joyous + peaceful New Year.

I visited my sister + 2 brothers in Ottawa during the holiday and then, in January, attended my older brother's  <sup>Jewish</sup> wedding in Syracuse, New York.

I'll be throwing a house party on my birthday (Feb. 10th - I'll be 28) and Peter (our roommate) will also be having his on the 2nd. I know 5 other Aquarians in Toronto. [redacted] (my "ex" in Calgary)

will be 33 on Feb 25th - a Pisces. I want to try to find and send him a copy of Salvador Dali's "Last Supper" as a present. I phoned him in December and we talked for 35 minutes long distance.

He and [redacted] were thrown off the gender program at the University of Calgary so [redacted] complained publicly locally and nationally, on TV, radio, and newspaper against them.

I withdrew from my offset printing course because I was failing offset (press), so, now I have to look for a job - as a "community worker".

F.A.C. is reorganizing its Board of Directors and drafting a new constitution for 1980 to be discussed, cause

by clause, and voted on - in our next meeting (Feb 23rd).

Please send me your G G G (G business card - size  
ad (<sup>2</sup>" x <sup>3 1/2</sup>"<sup>w</sup>) so that I may advertise it in our  
next (March) issue of The Gender Review (and I'll  
send you ~~you~~ your fact ad - later - for regional  
advertising in your newsletter, Golden Gateway).

Do you see Emmon very much? I wrote him recently.

Could you please send me a small, black-and-  
white, close-up photograph of you + "life story" +  
also, one of Georgia Saunders for publication in  
an upcoming issue in our "Personal Profile" column.

Thanks.

Please send me (to my home residence) the  
last issues of the Gateway (I've only received Nos. 1-3).

Please write soon + let me know how things  
are going with you. (+ G G G/G)

Take care now. Love + Peace,

Nick
