Dear Sister:

Enclosed is the 1992 Fantasia Fair Brochure. This will be the 18th year of continuous operation of a program of positive growth for crossdressers who wish to explore alternative gender roles and lifestyles.

The Fairs in the nineties will reflect the changes in femininity and masculinity that have occurred over the past decade and a half. Some of these will be incorporated into Fantasia Fair 1992. These include:

- New programs for personal growth.
- New seminars that present current issues and concerns for our community (paraculture).
- Special panel presentations on particular topics.
- In depth program for Couples and for partners during the Fair duration.
- More emphasis on the relationship of each Fair participant and Big Sister / Residence Hostess for each Inn.

Among the presentors who will be attending Fantasia Fair 1992:

Katina Rodis - Therapist.

Richard Docter - Author of "TV/TS".

Anne Bolin - Author of "In Search of Eve".

Marjorie Garber - Author of "Vested Interests".

Niela Miller - Founder "People Systems Potential".

Marilyn Volker - Sexologist and Certified Therapist.

Jennifer Stevens - Author of "From Masculine to Feminine".

We want you to know that we value your participation at the Fair. Whether it is modeling in the Fashion Show, performing in the Follies or serving as a Residence Hostess. It is you who make the Fair the quality program that has been its hallmark.

Currently, we are looking for some Event Coordinators, Residence Hostesses and some Administrative Assistants. Please write to us for specific details on these positions.

You are part of the extended Fantasia Fair community and we hope that you will consider joining us for what promises to be a most exciting event.

Warmly,

Ari Kane
Director
