

**The East Coast Female-to Male Group (ECFTMG)
and its newsletter
"Gender In Formation"
have a new mailing address:**

**East Coast FTM Group
P.O. Box 60585
Florence Station
Northampton, MA 01060**

The contact/information phone numbers are (413) 584-7616 (Bet Power) or (617) 926-7691 (Lonnie) Please announce this change to your membership and/or publish the above information in your periodical.

The next meeting of ECFTMG is coming up soon...

**Saturday, March 27, 1993
4:00 PM
86 Riverside Street, Watertown, MA**

We will watch videos about female-to-males including the "Night Talk" show taped in the Boston Area on November 10, 1992. This late night TV talk show featured a panel of FTMs and partners and included Sky from the San Francisco-based FTM group, among others. Bring a dish or snack to share for potluck dinner.

ECFTMG is a peer support group for all female-to male transvestites and transsexuals and their partners. See below for directions to the meeting.

"Writers are needed for "Gender In Formation."

Please call Bet Power or Lonnie to volunteer to help with this important newsletter. Contributions can be sent to the ECFTMG address. We're planning an issue for April.

Directions to the March 27th Meeting: From the West: Take the Mass Pike East and take Exit 17. Get into the left-hand lane and bear/turn left toward Watertown Square. When you get to the Square, there will be many turn options. Do not take the severe right, nor go straight ahead, but take the middle right which will be North Beacon Street **Immediately after you make this turn take the small immediate right onto Riverside Street.** Follow that around until you come to #86.
From Boston and North/South 93: Get on to Storrow Drive. It will turn into Soldiers Field Road, continue until you see the sign that says No. Beacon St./Watertown. Take that right hand exit. In a short distance, take a left onto Charles River Road. Follow its windy-way until you see a street sign on the right for Irving Street. This is your warning that the next right is Priest St. Take the right onto Priest St. This short uphill road will end at Riverside St. and #86 will be directly in front of you. On-Street parking is O.K. Call Lonnie for further directions/clarifications (617) 926-7691.
