THE OTHER SIDE...

TULA TO HAVE BABY

Tula, the sex change super model, is about to get married. Her sister is going to provide her with a very special wedding gift.

It seems that Carolyn Cossey's sister, Pam, has agreed to be artificially inseminated and carry the baby for Tula. According to the report, the sperm will come from Tula's 27-year old husband to be, David Finch. Tula is quoted as saying "I do not care if the baby is a boy or a girl, just as long as it is not a transsexual. I had such an unhappy childhood growing up trapped in a male body. I would hate to see a child of mine facing the same trauma I did."

This editor wishes Tula well. I think she will make a very special mum.
