

# ***JUSTICE* FOR CHRISTIAN PAIGE**

**On Friday, March 22 at 10pm, a lovely, young transsexual woman was found savagely murdered in her Chicago apartment -- Christian Paige had been brutally beaten about the head and ears, strangled, and then stabbed deeply in her chest and breast area 15-25 times. The man who did this to her is still walking the Chicago streets.**

**We gather here today to remember Christian, and to declare we will no longer submit quietly to the violence and hatred that stalks transpeople, lesbians, gays, and other genderqueers:**

**Brandon Teena - Falls City, NB** Brandon was murdered just days after he was severely beaten and raped multiple times; stabbed in the chest as he slept, Brandon was then shot pointblank, execution-style, in the head.

**Deborah Forte - Haverhill, MA** Deborah was discovered by her roommate early on the morning of May 15; she had suffered three stab wounds to the chest, each half a foot deep, numerous slash wounds across her breasts and chest, a smashed nose, multiple severe blows to her head and face, and partial strangulation.

**Channel Picket - Watertown, MA** One of two beautiful, 23 year-old transsexual twin sisters, Channel was found strangled to death in her apartment following a date, early on the morning of Monday, November 20.

**Tyra Hunter - Washington, DC** On August 7, Tyra was struck and fatally injured in a car accident. An EMS technician cut open her pants, found she had a penis, *stopped treating her and began making jokes to the crowd!*

**Transpeople are not “disposable people.”**
